

ANTARO

183 mm

TECHNOLOGY BY BLUM

We supply ANTARO drawers and pull-outs in light grey on full-extension runners with accessories in matching colour. The ANTARO pull-outs are also available as an alternative with square-section railing and matching 4 mm glass sides.

At **183 mm**, these pull-outs have the highest rear panel on the market!

DOOR HINGE CLIPTOP BLUMOTION

Our doors can be equipped with a soft-closing function as an option.

Whenever necessary, this can be deactivated on the hinge without the need for any tools.

ALL GOOD THINGS COME IN THREES

Therefore, we not only equip our **940 mm** high cabinets with a third shelf, but also with a third door hinge.

For optimum space utilization and improved convenience.

CONCEALED ALL-METAL CABINET WALL MOUNT

With precision 3D adjustment and lift-off guard.

DIN EN-14749.

TIP-ON

Thanks to the mechanical TIP-ON opening support system, a light touch is sufficient to open the hinged doors.

TALL UNITS

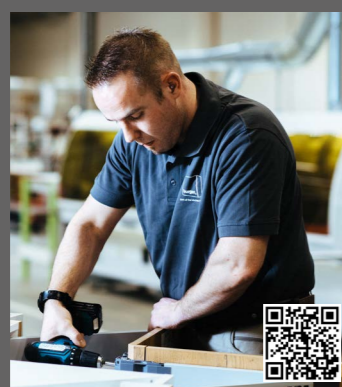

As the design highlight, we provide tall units with uninterrupted fronts up to a carcass height of **2118 mm** for fronts with 4-side thick edges.

A TOUCH OF COLOUR

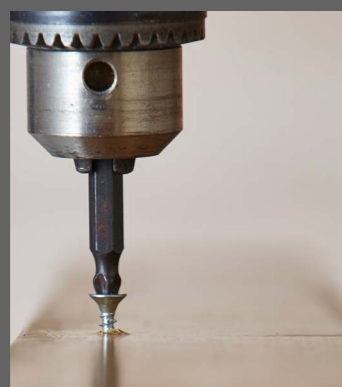

Our range of quality lacquer colours includes silky matt, high-gloss UV and PUR lacquers.

Whether side panels or light pelmets – on request, we will lacquer all components to match the front colours in the range.

MADE TO MEASURE

Do you need custom sizes? We offer custom height, width and depth reductions - to the accuracy of a millimetre.

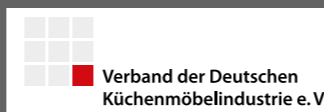

TALL UNIT REAR PANEL

The rear panels of all standard side cabinets are screwed and glued.

This guarantees a high level of stability and durability.

AWARD-WINNING QUALITY

GOLDEN M

The „Golden M“ from the German Furniture Quality Assurance Association (Deutsche Gütegemeinschaft Möbel e.V. - DGM) is regarded as the most stringent proof of quality for furniture in Europe and is Germany's only RAL quality label in this segment. Our furniture undergoes regular inspection by an independent body. In other words, the „Golden M“ guarantees you the high quality of our kitchens and also provides a key to healthy home living.

TESTED SAFETY

With the internationally acknowledged GS label of tested safety, we ensure that our products meet the quality and safety standards of the German Product Safety Act (in short ProdSG).

The GS label provides you with valuable assistance in deciding which product to buy. You can rely on the quality and safety of our products.

MADE IN GERMANY

We combine acknowledged brand quality with decades of experience and responsible planning, design and production in Germany. The brand is presented in Ostwestfalen-Lippe in a spacious permanent exhibition for specialist retail partners and prospective customers.

CLIMATE-POSITIVE COMPANY

The management and the entire team have set themselves the goal of preserving an intact environment for future generations. It is in this way that we make a reliable contribution to protecting our climate.

BLUE ANGEL

Our furniture carries the Blue Angel label. Because the woodbased materials are sourced from sustainable forestry, produced and processed with low emissions and harmless to health.

PEFC

Our company group holds PEFC certification. This guarantees that the raw materials for our kitchen and bathroom furniture only come from sustainably managed forests.

HIGHLIGHTS

part of the kitchen family

WELCOME

A kitchen can be everything: a refuge of well-being, filled with aromas and the gentle clattering of pots and pans. Or a party zone for favourite guests who stay until dawn.

How about a compact zone on just a few square metres? Or are you dreaming of a cooking island for cooking with family and friends?

Whatever you picture - with our kitchens, **wishes come true.**

welcome to **the kitchen family**

AMELIE - WITO STEEL

ADJUSTABLE SHELVES
16 mm thick with plastic shelf supports with a metal core and removal guard – these are our sturdy adjustable shelves.
The base unit with uninterrupted doors has two, the wall unit in a height of 940 mm even three shelves to make perfect use of storage space.

ADJUSTABLE GLASS SHELVES
The front edge of our consistent 8 mm thick shelves made of toughened safety glass are ground and bevelled. They are fitted on translucent plastic shelf supports with metal core and removal guard.

FLUSH INSTALLATIONS
We offer the cut-out for the flush installation of sinks and hobs by various renowned manufacturers from our supply range with the corresponding identification. The seamless transition appeals for aesthetics and hygiene.

SPACE CORNER
This lets you make optimum use of space in the corner.
The Space Corner is available in the following widths:
90 x 90 cm*
100 x 100 cm*
105 x 105 cm*
*) with optional cutlery tray

THROUGH-PASSAGE DOORWAYS
The new through-passage doorways are a design innovation: providing unobtrusive access to storage and utility room spaces that don't spoil the lovely, well-balanced overall picture.

CARCASE HEIGHTS
With the new carcass height of 796 mm and the three new tall unit heights that complement the current carcass height range, planners can look forward to even more individual freedom. Depending on the concept, the new heights provide a noticeable increase in storage space.

HIGH-QUALITY LACQUERED FRONTS FROM PRICE GROUP 3
e.g. LAILA, LARA, MARA, SOPHIE.
Lacquer on MDF substrates with matching laminate visible sides and carcass edges.

BURG APPLIANCES
BURG is our own successful brand name for high-quality kitchen appliances exquisitely designed to a high technical standard – strong plus points which are available at an optimum price-performance ratio.

VISIBLE SIDES IN 14 DECORS
In seven gloss decors (front quality "Diana"), three concrete and four matt/silky matt decors.
With orders for visible sides, the carcass edges of all units are matched to the visible side decor.

THE 12/15-DAY KITCHEN
If you're in a hurry, use our express delivery service. Your dream kitchen will arrive after just a few days.
Delivery within Germany = 12 working days
Austria/Switzerland = 15 working days

LINEA PIANTRA
The handleless kitchen range from burger

LINEA PIANTRA - HANDLELESS KITCHENS
For the handleless kitchen of pure elegance: the base units are divided in the classic way, i.e. have two horizontal grip ledges. **More than 70 fronts** are available to choose from.
Do you want to add highlights? We can also supply the grip ledges with LED illumination integrated into the profile.
Our grip ledges are available in the following colour versions:
Stainless steel coloured
Polar white, powdered
White, powdered
Moonlight grey, powdered
Quartz grey, powdered
Black, powdered

LIGHT-EFFECT EDGE - NEON EDGE
The Neon Orange accent colour shade gives the Lisa range of fronts that certain something. In combination with black silky matt or polar white silky matt, this creates a whole new look.

LINEA DESIGNER LOOK
Front heights 178/359 mm ensure clean lines in the kitchen.
Interior drawers with integrated carrier in the carrying front.

SOMETHING FOR EVERYONE
We can offer you...
77 Handles
86 Fronts (4 of which are anti-fingerprint)
16 Carcase decors
14 Decors for visible sides
39 Worktop decors

WORKTOPS
You can choose from 39 decors for our 25 and 39 mm thick worktops.

BAR/COUNTER TOPS
Tops in a thickness of 90 mm, finished on both sides in your chosen decor with PP edging all round.
Available in 17 decors and maximum size of 2,700 x 1,190 mm.

SIDE PANEL THICKNESSES
There is a choice of three side panel thicknesses – 16, 25 and 40 mm – in selected colours and decors. You are also free to decide on surface finish: Matt or gloss laminate and any worktop decor.

ERGONOMICS
Getting working heights exactly right is an indispensable part of planning any kitchen. Cabinets dimensioned to suit those using them reduce back strain and enhance ease of use. Our lineup gives you a wide choice of carcass heights to provide the perfect solution.
